

History

- For High School Graduation, World History, US History, and Gov/Econ are required.
- Our school recommends freshmen take either sociology or world geography, but does not require this.
 - World Geography can count for the World History credit requirement both for graduation and university entrance.
- If a student failed, they'll want to repeat the course they failed **and** take the next level.

History Scheduling Sequence Flowchart

Key:

-  – Freshmen choice. Can also serve as an elective in later years.
-  – Advanced
-  – Passed previous level
